

Oregon State University 2014-2015 Academic Year & 2015 Summer Session Fee Book

Pictured on cover: The Beth Ray Center for Academic Support

The State Board of Higher Education adopted the fee schedules beginning on page 9 of this Fee book at its June 6, 2014 meeting as a permanent rule in Oregon Administrative Rules 50-040-0040. All prior Academic Year and Summer Session Fee Books are repealed except as to rights or obligations previously acquired or incurred hereunder.

INTRODUCTION

The Oregon University System (OUS) Fee Book has previously been adopted by the State Board of Higher Education through Oregon Administrative Rule (OAR) 580-040-0040. The Fee Book contains enrollment fee policies common to all institutions of the Oregon University System. During the 2013 Regular Session, the Oregon Legislature passed Senate Bill 270 which, effective July 1, 2014, establishes Oregon State University, Portland State University, and the University of Oregon as separate entities, each to be governed by its own institutional board of trustees.

As these three public universities transition from being governed by the State Board of Higher Education (SBHE) to their own boards, SB 270 provides that policies in effect at June 30, 2014 will “continue in effect until lawfully superseded or repealed by the standards or policies of the governing board or the university.” The SBHE has provided guidance to all seven public universities in the submission of their proposed fees, including the required participation of enrolled students and recognized student governments. OSU, PSU, and the UO were asked to review their proposals with members of their institutional boards, which will become fully operational on July 1, 2014, in advance of submission to the SBHE.

Any references to Oregon Revised Statutes (ORSs) and Oregon Administrative Rules (OARs) pertain to those in effect at June 30, 2014.

For the 2015-2016 academic year, the Oregon State University Board of Trustees (Trustees or Board) determine tuition and mandatory fees for OSU.

2014-15 Academic Year and 2015 Summer Session. For this transition period, the State Board of Higher Education, the Chancellor, and the institutional presidents have determined that establishing tuition, building fees, health service fees, incidental fees, student recreation center fees, student union fees, and other mandatory enrollment fees should be completed under existing statutes governing the State Board and pursuant to the existing processes, procedures, and policies established by the State Board. The State Board asked that each of the three boards of trustees (Oregon State University, Portland State University, and the University of Oregon) approve proposed enrollment fees that the president of the relevant university would then submit to the State Board via the Chancellor.

DELEGATION OF AUTHORITY

The Oregon Legislature grants authority to the State Board of Higher Education to establish tuition and fees for enrollment at Oregon University System institutions. Based on recommendations from the institutions and the Chancellor, the Board annually sets fees for enrollment at the institutions, including:

- Tuition
- Building Fees
- Health Service Fees
- Incidental Fees
- Student Recreation Center Fees
- Student Union Fees
- Other Mandatory Enrollment Fees
- Other Special Fees as determined by the Board

The State Board has delegated the authority to each president of an OUS institution to establish certain fees, fines, and charges for services and materials, including:

- Laboratory and Course fees
- Fees for workshops
- Instruction fees for Continuing Education, Extended Programs, and Distance Education
- Residence Hall Room and Board Rates
- Charges for auxiliary services, e.g., food services, student centers, and parking
- Fines for violation of campus regulations
- Charges for facilities use
- Charges for other materials and services

SUMMARY OF CHANGES

The following narratives summarize the proposed tuition and fee changes for 2014-15, focusing on resident tuition and fees. During 2013, the Oregon legislature passed HB 5008 and HB 5101 (Special Session) that contained limits on certain rate increases. The proposed tuition and fees comport with the legislative directives as specified in the budget notes for these bills.

HB 5008 Budget Note:

Oregon University System

The Subcommittee increased the General Fund appropriation for public university support by \$15,000,000 with direction that the money be used to reduce resident undergraduate tuition increases at the state's seven public universities. The Subcommittee adopted the following budget note to limit tuition increases on resident undergraduate students:

Budget Note:

In adopting the budget for the Oregon University System, the Legislature intends that increases in the base rates for tuition paid by resident undergraduate students on all seven campuses and one branch campus (EOU, OIT, OSU, OSU-Cascades, PSU, SOU, UO, and WOU) may not exceed an average of 3.5% at any individual campus in any given year of the 2013-15 biennium. For students choosing the Tuition Promise program at WOU, rates of increase over the prior cohort may not exceed 5.7% in any given year. These limits on tuition shall apply to all seven campuses and one branch campus for the next two academic years (2013-14 and 2014-15) regardless of the outcome of any governance changes that may be implemented during the biennium.

HB 5101 Budget Note:

Oregon University System

The Committee increased the General Fund appropriation for public university support by \$25,000,000 with direction that the money be used to reduce resident undergraduate tuition increases at the state's seven public universities. The Committee adopted the following budget note to limit tuition increases on resident undergraduate students:

Budget Note:

In adopting the additional funding for the Oregon University System, the Legislature intends that increases in the base rates per credit hour paid by resident undergraduate students for the Winter 2014 and Spring 2014 terms on all seven campuses and one branch campus (EOU, OIT, OSU, OSU-Cascades, PSU, SOU, UO, and WOU) may not exceed an average of 2%. For students choosing the Tuition Promise program at WOU, rates of increase over the prior cohort may not exceed 4.3% for the Winter and Spring 2014 terms. For the 2014-15 academic year, the Legislature intends that there be no increases in the base rates per credit hour paid by resident undergraduate students at all seven campuses and one branch campus (EOU, OIT, OSU, OSU-Cascades, PSU, SOU, UO, and WOU). For students choosing the Tuition Promise program at WOU, rates of increase over the prior cohort may not exceed 2.2% for the 2014-15 academic year.

Corvallis Campus

OSU Corvallis increases over 2013-14 rates:

No proposed increases to undergraduate tuition rates

Graduate resident rate increase: 1.9% (\$8.00/credit)

Graduate non-resident rate increase: 3.9% (\$28.00/credit)

OSU is not proposing an increase for undergraduate students. OSU is continuing its phase-out of the undergraduate plateau over the next two years to reflect a consistent per credit hour charge. The prior years' 12 to 16 credit hour plateau structure resulted in some students receiving up to a 25% discount from the standard per credit hour rate. As the plateau is phased out, cost for enrollments in credit levels of 13 and above will result in higher percentage increases than the standard per credit hour rate increase. Summer tuition rates have no plateau.

Most all proposed increases to graduate differential programs are less than the proposed percentage increases to base rates.

Commensurate with student approval, academic year incidental fees increased by 2.4% (\$7.54 per term) with the already significantly discounted summer rates decreasing slightly by 0.5% (-\$1.08 for Summer 2015).

OSU resident summer rates remain consistent with Academic Term rates. For Summer 2015, OSU continues to offer resident rates to non-residents.

Cascades Campus

Cascades' resident undergraduate rates remain lower than OSU Corvallis campus rates. Cascades' non-resident, graduate, and differential rates are equivalent to the Corvallis campus rates.

OSU Cascades is not proposing any increases to Academic Year 2014-15 or Summer 2015 fees.

Tuition and Fee Policies for 2014-15

TUITION STRUCTURE AND ASSESSMENT

Tuition rates for students admitted to academic programs are established by student classification (undergraduate, graduate, and doctoral), residency, and credit hours taken and based on factors such as state-appropriated funds per full-time equivalent student, the financial needs of the University, and market comparators.

Non-admitted, part-time students enrolling for a combination of undergraduate and graduate courses are assessed tuition using the rates for each respective classification and fees based on the undergraduate fee tables for total enrolled credits. Non-resident students pay a larger share of instructional costs than resident students to cover the full cost of instruction.

Academic Year: Charges assessed to students during the academic year are comprised of Tuition, Mandatory Enrollment Fees, One-time Fees, and Other Student Fees.

Summer Session: Tuition is assessed on a per-credit hour basis or aligned to the preceding academic year's structure. Tuition rates in the summer session may differ from the academic year and may or may not vary based on residency status.

Continuing Education: Tuition and fees for continuing education courses are assessed regardless of residency. Typically, rates are set at levels necessary to cover direct and indirect costs of providing the course. Tuition and fees are charged to participating students apart from enrollment fees paid for other courses.

Student Residency

A resident student is one who fulfills Oregon residency requirements as established by OAR 580-010-0030 through 580-010-0047 and OSU standards and policies regarding residency. Oregon residency is generally based on the following criteria: a person with a bona fide fixed and permanent physical presence established and maintained in Oregon of not less than 12 consecutive months immediately prior to the term for which residence status is requested. State funded graduate students who become Graduate Teaching or Research Assistants are automatically converted to resident status for enrollment fee purposes.

A non-resident student is one who does not meet Oregon residency requirements as specified in OAR 580-010-0031 and OSU standards and policies regarding residency.

Fees

Mandatory Enrollment Fees

A fee is a mandatory enrollment fee if it is required to be paid, as a condition of enrollment in the University, by every student enrolled in the University. For Academic Year 2014-15, mandatory enrollment fees are the Building, Health Service, and Incidental Fees. Students enrolled less than full-time are subject to these fees at a rate appropriate to the specific number of credit hours taken each term. OSU has the option of assessing mandatory enrollment fees during the summer session at rates comparable to those assessed in the academic year.

Building Fee: OSU may assess a per student per term to finance debt service for construction associated with student centers, health centers, and recreational facilities constructed through the issuance of Article XI-F(1) bonds.

Incidental Fee: Incidental fee recommendations are made by student committees to the University President in accordance with OAR 580-010-0090 and OSU policies and standards. In some instances, the student committee recommendations are supported by general campus student referenda. Funds generated by incidental fees are used to fund student union operations, educational, cultural, and student government activities, and athletics. Generally, there are fewer incidental fee supported activities during the summer term, resulting in lower rates than those assessed during the academic year.

Health Services Fee: This fee is used to support student health services. During summer sessions, student health services may function at reduced levels or not provided at all. The recommended summer session rates reflect these lower levels of activity.

One-time Fees

The Matriculation fee is an example of a one-time fee charged to newly admitted students upon enrollment. This fee is a one-time assessment and was developed to reduce the large number of enrollment-related fees for student orientation, course scheduling (drop/add fees), transcripts, degree applications, and re-enrollment. The fee is also used to support academic programming for freshman interest groups and learning communities.

Other Student Fees

Fees for Instruction Related Services: Laboratory and Course Fees are published in OSU's catalog and schedule of classes. Laboratory and Course Fees are limited to institutional sale to students of equipment, materials, or ancillary services consumed by the student as a part of course instruction where the equipment or material is not readily available for purchase through external sources.

Fees and Fines for Non-Instruction Related Services and Materials: The level of charges, fines, and fees should be sufficient to ensure recovery of associated direct and indirect costs to provide the service. These include charges for

auxiliary services, such as housing, food services, student centers, and parking; facilities use; athletics and other tickets and events; and violation of campus policies and regulations, such as late fines for library books and parking fines.

Application Fee: The President or designee determines the amount of the application fee and establishes policies governing the conditions under which application fees will be required. The University may assess additional application fees for admission to selected programs or schools. The relevant application fee must be received before the application will be evaluated. Application fees are not refundable.

Application Fee Deferral Program: The President or designee may, upon request, defer the application fee for first-time freshmen or transfer students who, at the time of application, are either eligible for, or participate in, any of the following:

- 1) Free or reduced school lunch program;
- 2) TRIO-type college preparatory programs (e.g., Upward Bound, Talent Search, EOC, HEP);
- 3) State of Oregon or U.S. public assistance;
- 4) College Board fee waiver; and/or
- 5) Foster Youth Tuition and Fee Waiver

The online request form for Application Fee deferral is located at: http://oregonstate.edu/admissions/sites/default/files/2014_15_deferral_form.pdf. The student must complete the deferral form and have it signed by a school official (high school counselor), special program official, or university official, and submit it at the time of application. Application fees deferred under this provision become payable upon the student's enrollment and receipt of financial aid funds. If a student does not complete the application process or does not enroll, the Application Fee is canceled. Students residing outside the United States at the time of their application must prove to the satisfaction of institutional officials that they would meet comparable eligibility guidelines in their country of residence.

Post baccalaureate, Non-graduate Student Classification

A holder of an accredited baccalaureate degree who has not been admitted to a graduate degree program and who submits an official application for admission to pursue a second baccalaureate degree or enroll in course work not to be used for graduate credit is called a *post baccalaureate, non-graduate student* and is assessed tuition at undergraduate rates.

Fees and policies applicable under the part-time fee policy shall prevail when a student classified as a post baccalaureate, non-graduate enrolls for eight or fewer credits at an institution that has adopted the part-time student policy.

Baccalaureate degree holders who are admitted to post baccalaureate, non-graduate status at undergraduate tuition rates are precluded from claiming graduate credits for graduate courses taken while in this status. However, individual institutions may allow the reservation of not more than six of their graduate credits per term to apply in their institution's graduate programs. Graduate credits reserved in combination as an undergraduate and post baccalaureate, non-graduate cannot exceed 15 credits. Baccalaureate degree holders who are not admitted to post baccalaureate, non-graduate status will be assessed graduate tuition rates.

Students who are admitted to an advanced degree program may convert to post baccalaureate, non-graduate student status only if the graduate degree has been awarded, if a student has been dropped from the degree program by the institution, or upon a request approved by the dean of the Graduate School for voluntary relinquishment of graduate status.

Students admitted to a 45-hour standard norm certificate program are not eligible for the post baccalaureate, non-graduate student status. Graduate tuition rates are applicable whether or not students in the program seek graduate credit.

ACADEMIC YEAR TUITION & FEE SCHEDULES

Tuition and Fee Calculation

The Tuition & Fee Schedules included in this document provide detailed information regarding both Tuition and Fee rates on a per term basis.

As discussed in the section on Differential Tuition, there may be separate tuition rates (differential rates) for certain high-cost/high demand programs. These tuition rates are provided in separate tables under the Differential Tuition section for each campus.

Calculating Tuition & Fees

To appropriately calculate total Tuition and Fees, the mandatory fee rates must be added to the appropriate base or programmatic tuition amount based on the number of intended credit hours.

For example, a student classified as a resident undergraduate with a non-declared major planning to take 15 credit hours for the term at the Corvallis campus would calculate total tuition and fees as follows:

Source	Table Cell Location	Amount
Undergraduate Base Tuition Table	Resident 15 credit hours	\$2,550.00
Mandatory Fees	Undergraduate - Total Fees - 15 credit hours	\$490.57
Total Tuition & Fees		\$3,040.57

However, tuition and fees for a student enrolled in a program with a differential tuition rate would be calculated by locating the correct tuition rate from the applicable differential table and then adding the applicable mandatory fees. For example, a resident undergraduate student in the Professional Engineering Program enrolling for 15 credit hours would calculate tuition as follows:

Source	Table Cell Location	Amount
OSU-Corvallis Professional Engineering Undergraduate	Resident 15 credit hours	\$3,315.00
Mandatory Fees	Undergraduate - Total Fees - 15 credit hours	\$490.57
Total Tuition & Fees		\$3,805.57

Please note that the fees included in the tables in this document are mandatory fees which all campus students are required to pay. Institutions may charge additional fees for specific courses (lab fees, etc.) and services (parking, etc.). Contact the campus directly for information regarding any additional fees.

A tuition calculator to estimate cost of attendance at OSU can be found at:

<http://oregonstate.edu/financialaid/cost-attendance>

Corvallis Campus

Base Tuition 2014-15 Academic Year Per Term

Note – Data in this table represents Tuition Costs only and does not include Mandatory Fees. The Mandatory Fees information can be found in the Mandatory Fees table for this campus. Instructions for calculating total tuition and fees are available on page 29.

Endnotes:

A one-time Matriculation Fee of \$350 is assessed to all new and transfer undergraduate and graduate students.

¹ Includes the following Majors: Forestry, Forest Engineering, Forest Management, Forest Operations Management, and Renewable Materials. All Other College of Forestry majors charged regular undergraduate base tuition and fees. Pre-Forest Engineering/Civil Engineering majors are charged the Pre-Engineering differential and Professional Forest Engineering/Civil Engineering majors are charged the Prof-Engineering differential (see page 30).

² Includes the following Majors: Pre-Apparel Design, Apparel Design, Pre-Interior Design, Interior Design, Merchandising.

³ Honors College students are assessed an additional Honors College tuition of \$341 per term.

⁴ Department of Design and Human Environment merged into the College of Business.

Corvallis Campus

Differential Programs - Graduate 2014-15 Academic Year Per Term

Note – Data in this table represents Tuition Costs only and does not include Mandatory Fees. The Mandatory Fees information can be found in the Mandatory Fees table for this campus. Instructions for calculating total tuition and fees are available on page 29.

Endnotes:

A one- time Matriculation Fee of \$350 is assessed to all new and transfer students.

¹ *Vet Med is full-time program only.*

² *Veterinary Medicine students are not assessed the over-time fee.*

^{2a} *This exception to the general policy for other graduate programs, results from the Veterinary Medicine curricular design which requires carrying larger SCH loads in certain terms for normal progress toward a degree.*

³ *Fourth Year students taking a series of study, externship, and clinical rotations from the beginning of Finals Week in June to the end of Dead Week the following June are assessed four term fees during that period of time.*

⁴ *Fee payment dates will correspond to normal Fall, Winter, Spring and Summer term schedules.*

Mandatory Fees Summer Term 2015

The mandatory fees included in the following schedule are applicable to all OSU-Corvallis students and should be added to the applicable tuition charges (based on class-level and total credits) to determine total tuition and fees. In addition, institutions may charge additional fees for specific courses (lab fees, etc.) and services (parking, etc.). Contact the campus directly for information regarding any additional fees.

Credits	Building		Incidental		Health Service		Total Fees	
	Undergraduate	Graduate	Undergraduate	Graduate	Undergraduate	Graduate	Undergraduate	Graduate
1	34.00	34.00	199.12	199.12	125.32	125.32	358.44	358.44
2	34.00	34.00	199.12	199.12	125.32	125.32	358.44	358.44
3	34.00	34.00	199.12	199.12	125.32	125.32	358.44	358.44

Endnotes:

A one-time Matriculation Fee of \$350 is assessed to all new and transfer students.

¹Includes the following Majors: Forestry, Forest Engineering, Forest Management, Forest Operations Management, Renewable Materials. All other Forestry majors charged regular undergraduate base tuition and fees.

²Includes the Following Majors: Pre-Apparel Design, Apparel Design, Pre-Interior Design, Interior Design, Merchandising.

³The Department of Design and Human Environment merged with the College of Business.

⁴Students taking classes at both the Corvallis and Cascades Campus are assessed the Corvallis campus differential rate.

⁵Includes Pre-Forest Engineering/Civil Engineering majors.

⁶Includes Professional Forest Engineering/Civil Engineering majors.

Corvallis Campus

Endnotes:

A one-time Matriculation Fee of \$350 is assessed to all new and transfer students.

¹ Vet Med is full-time program only.

² Veterinary Medicine students are not assessed the over-time fee.

^{2a} This exception to the general policy for other graduate programs, results from the Veterinary Medicine curricular design which requires carrying larger SCH loads in certain terms for normal progress toward a degree.

³ Fourth Year students taking a series of study, externship, and clinical rotations from the beginning of Finals Week in June to the end of Dead Week the following June are assessed four term fees during that period of time.

⁴ Fee payment dates will correspond to normal Fall, Winter, Spring and Summer term schedules.

Cascades Campus

Mandatory Fees Summer Term 2015

The mandatory fees included in the following schedule are applicable to all OSU-Cascades students and should be added to the applicable tuition charges (based on class-level and total credits) to determine total tuition and fees. In addition, institutions may charge additional fees for specific courses (lab fees, etc.) and services (parking, etc.). Contact the campus directly for information regarding any additional fees.
