OREGON STATE UNIVERSITY
2009 MANAGEMENT REPORT
As of June 30, 2009

The following unaudited financial statements have been prepared for internal management purposes, providing a summary of all operating funds and detailed information on revenues, expenses, transfers, and fund balances for the Education and General Program, Statewide Public Services, Auxiliary Enterprises, Service Departments, and Supplemental Schedules. The report includes fiscal year 2009 balance sheets, operating statements, and cash flow statements and comparisons with fiscal year 2008 June 30 results.

Operating revenues totaled \$709 million for fiscal year 2009, up 2.5% from the fiscal year 2008 total of \$692 million. While Education and General Fund revenues increased slightly by 1.0% or \$2.7 million, Auxiliaries and Research revenues increased \$10 million (11.2%) and \$19.5 million (12.8%) respectively. These gains were offset by decreases in Statewide Public Service revenue of \$3.2 million or 4.3% and a decrease Gifts & Royalties revenue of \$10.9 million or 18.7%.

Operating expenses increased by 8.8% due primarily to mandated increases in employee retirement and health benefits and increases in salaries and staff FTE. Research expenditures were up \$15 million or 9.9% over fiscal year 2008.

The university's fund balance for budgeted operations decreased by \$20.3 million to \$28.0 million or 7.9% of operating revenues, due in part to significant mid-year State Appropriation cuts in Education and General funds, as well as in Statewide Public Service funds.

OREGON STATE UNIVERSITY
EDUCATION & GENERAL FUNDS
As of June 30, 2009

Background: Education & General funds support the general operations of the university and its primary missions of instruction, research, and public service. The major sources of revenue are tuition, state appropriations, and indirect cost recovery from federal grants.

Revenues: Overall revenue is up \$2.7 million or 1.0% higher than fiscal year 2008.

Revenues from enrollment fees exceeded last year's actual by \$12.6 million or 8.7% due to tuition rate increases, an increase in the number of non-resident undergraduate students, graduate students and greater participation in ECampus.

Fee remissions, treated as negative revenue, increased by \$3.9 million or 33.8%. Approximately half of the increase of \$1.9 million was due to a one-time substitution of fee remissions for foundation scholarships which will be reversed in fiscal year 2010.

State appropriations were 22.3% lower than fiscal year 2008 due to mid-year budget cuts of \$23.7 million. This decrease was partially offset by federal stimulus funding of \$17.1 million.

Indirect Cost Recovery revenues, primarily from federal grants, increased \$2.2 million; however revenue redistributions to other fund types were also higher, thereby offsetting the revenue increase.

Income from Sales and Services remained close to the same level as fiscal year 2008.

Expenses: Expenses and net transfers were up \$28.1 million or 10.6% higher than in fiscal year 2008. Salary and other payroll expenses increased by 10.1% due to salary increases, higher costs for PEBB health benefits, and an increase in staffing to support enrollment growth.

Spending for Services and Supplies totaled \$58.7 million, an increase of \$5.9 million, or 11.1% above the prior year.

The Education & General fund balance decreased by \$12.9 million resulting in a fund balance of \$24.1 million or 8.6% of operating revenue. The decrease was largely due to the mid-year reduction in state funding.

Balance Sheet: The Balance Sheet presents assets and liabilities on an accrual basis as of June 30, 2009 in comparison to June 30, 2008. Fund balance is an indicator of an operation's current financial condition. The changes to fund balance that occur over time indicate that operating results for that reporting period are providing either a surplus or a decrease in the organization's financial condition.

Assets: Cash balance for Education and General Funds decreased \$18.5 million from June 30 of the previous year due the deficit in operations of \$13.0 million and a \$5.0 million loan to the new Energy Center plant fund.

Accounts Receivable increased \$1.3 million due to increased Student Accounts Receivable of \$2.8 million which was offset of by a decrease in other receivables of \$1.5 million. While the number of students carrying a receivable balance decreased, the average amount carried per student increased.

Allowance for Doubtful Accounts balance represents management's estimate of the uncollectible portion of the Accounts Receivable balance at year-end.

Inventories for the Education and General funds consist of supplies held by stores operations such as Facilities Services and the College of Veterinary Medicine.

Prepaid Expenses and Deferred Charges increased by \$1.0 million over fiscal year 2008 primarily due to a \$0.9 million deposit on scientific equipment that is being custom built.

Liabilities: Accounts Payable year end balance decreased by 629 thousand or 11.0%

Liability for Compensated Absences balance increased \$801 thousand due to increases in salaries, benefits, and vacation balances.

Cash Flows: In total, the cash balances for the Education and General fund decreased by \$18.5 million compared to the prior year. The source of cash for these funds comes from Enrollment Fees and Government Appropriations, while the greatest uses of cash are in the areas of compensation and service and supplies expenditures.

OREGON STATE UNIVERSITY
AGRICULTURAL EXPERIMENT STATION
As of June 30, 2009

Background: The Agricultural Experiment Station is the principal agricultural research agency of the State of Oregon. It conducts research in the agricultural, biological, social, and environmental sciences for the social, economic, and environmental benefit of Oregonians. In pursuing this mission, the Agricultural Experiment Station helps ensure a stable and productive agriculture through sustainable management and use of the natural resources of the state; protects and improves the natural environment and quality of life; develops new agricultural products and processes; improves marketing of Oregon agricultural products; improves the nutritional value and quality of food; helps protect crops and animals from insects, diseases, and other hazards; contributes to the basic sciences; strengthens rural communities through research on issues that are critical to their economic development and social fabric; and assists developing nations' agriculture in ways that will help alleviate world hunger and promote trade with the United States.

Revenues: The revenues for AES showed a net decrease of \$2.1 million or -5.9% during the year ending June 30, 2009, when compared to the period ending June 30, 2008. State appropriations decreased \$1.2 million due to budget cuts in the latter half of fiscal year 2009. Federal AES research dollars decreased \$1.0 million due to a normalization of funding levels after a one-time increase in Hatch funding that affected fiscal year 2007 and fiscal year 2008 revenue levels.

Expenses: Total labor costs for AES rose \$0.8 million or 3.1% over previous year levels. This is consistent with the general increase in salary and benefit rates. Expenses for services and supplies increased by \$1.0 million due to general inflation and specific increases in maintenance and repair, animal care, and overhead assessment expenses.

Capital expenses increased \$0.3 million due to the increased purchase of research equipment such as growth chambers.

Balance Sheet: The cash balance for AES decreased \$.8 million or -14.2% due to budget cuts for the biennium that needed to be absorbed in the last few months of fiscal year 2009. Accounts receivable decreased by \$0.7 million in fiscal year 2009. This reflects the fact that accounts receivable was higher in fiscal year 2008 due to the accrual for the E-board salary compensation package funding.

Fund balance declined by \$1.7 million to \$2.6 million or 7.6% of operating revenues.

OREGON STATE UNIVERSITY
EXTENSION SERVICE
As of June 30, 2009

Background: OSU Extension Service provides education and information based on timely research to help Oregonians solve problems and develop skills related to youth, family, community, farm, forest, energy, and marine resources. Extension reaches across several colleges and 37 county offices throughout the state. Funding sources include state appropriations, federal formula revenues, county appropriations, and federal grants, as well as sales and service revenues.

Revenues: Total revenues were \$32.3 million, down \$1.0 million or 3.0% from the prior year. Revenues from State Appropriations were down by 3.9% for fiscal year 2009 from fiscal year 2008, due to 07/09 biennial cut of 5.5%. The state allotted 49.0% of the biennial total to Extension in fiscal year 2008 and 51.0% in fiscal year 2009 due to the biennium adjustment made for salary compensation funds. Other Governmental Appropriations increased by \$75 thousand or 0.8%. Sales and Services has decreased by \$175 thousand while Other Revenue has decreased by \$36 thousand, due in part to a change in policy, which has required Extension Service to re-categorize other revenue as a reduction of expense. As Extension base funding remains static or declining, other revenue sources are being developed, which further accounts for the increase in Other Government Appropriations.

Expenses: Expenses increased by 11.5%, or \$3.6 million. The increase was due mainly to the cost of raises and higher health costs, resulting in a Salaries and Other Payroll Expense increase of \$3.1 million in fiscal year 2009.

Balance Sheet: A decrease in Accounts Receivable of \$293 thousand was mainly attributable to timely receipt of fourth quarter billings posting in fiscal year 2009. A decrease in cash of \$2.5 million is mainly attributable to the decreased revenue received in fiscal year 2009, while expenses increased during the same period.

Accounts Payable yearend balance increased by \$44 thousand due to fiscal year 2009 expenses having a payment due date after July 1, 2009.

Liability for Compensated Absences balance increased by \$154 thousand, due to increase in salaries, benefits, and vacation balances.

A net decrease in fund balance of \$3.09 million brought the ending fund balance to \$1.6 million, or 5.0% of operating revenue.

OREGON STATE UNIVERSITY
FOREST RESEARCH LABORATORY
As of June 30, 2009

Background: The FRL is one of OSU's top-tier strengths, with programs and faculty known globally for distinction in research, teaching and outreach. Over the past year, the FRL has supported the OSU strategic plan across all three thematic areas. The breadth of faculty and staff expertise, interests, and programs across the spectrum of natural resources science, management, and business is unmatched by any peer institutions. In addition, the FRL continues to benefit from outstanding assets, such as the McDonald-Dunn Forests and the HJ Andrews Experimental Forest, that provide extraordinary opportunities for research and learning and from the strong collaborative science base across the campus community.

The primary source of revenues for FRL is the state appropriation, federal formula appropriation and Oregon Harvest Tax. FRL research programs have been productive, and successfully leveraged state funds to obtain \$14.2 million in extramural funding through grants and cooperatives. Faculty and students are addressing timely, natural resources issues such as climate, carbon, water, environmental services, bioenergy, and green building. FRL research and outreach programs support the state's economy by helping to maintain industry competitiveness, develop new products and markets, and preserve jobs. Transfer of research results to landowners, industry, agencies and policy makers is anchored by the Extension forestry program, a national role model.

This was a transition year for faculty, staff, and students, as the College of Forestry community made substantial progress in implementing a departmental reorganization. Restructuring from 4 to 3 departments has promoted new research collaborations, and new strategies for ensuring the FRL is poised to meet the emerging challenges in managing ecosystems, providing healthy environments for Oregonians, and promoting economic growth. It was also a year of financial and organizational uncertainty as Oregon endured the effects of the global recession. Its impacts on the FRL were twofold: both tax revenues from state timber harvest and revenues from timber harvests on College forests declined, a net \$2.5 million loss in annual revenues. The legislature was also forced to cut appropriations for the FRL, with implications still to be fully determined.

Revenues: Despite a reduction in timber harvests due to the national standstill in housing construction, related revenues were aided by an increase in the Harvest Tax rate which went in to effect during the biennium. There was an offsetting delay in receipt of federal formula funds which significantly decreased appropriation support – these funds will be reflected as an increase in 2010.

Expenses: Expenses for FRL were up by \$2.4 million compared with fiscal year 2008. This was primarily due to a one-time effort to reduce fund balance and cash reserves.

Balance Sheet: Total Assets, Liabilities and Fund Balance reflect an effort to reduce operating reserves. Actions will be taken to restore fund balance to 5% of annual operating reserves.

OREGON STATE UNIVERSITY
HOUSING & DINING SERVICES
As of June 30, 2009

Background: Services provided by Housing and Dining are mainly related to the rental of housing facilities for the student population, as well as the dining operations associated with those facilities. Though mainly focused on the student population, faculty and staff also enjoy dining benefits. Housing also operates a catering service for on-campus activities.

Revenues: Overall total revenue increased \$1.4 million from fiscal year 2008. Details of this change include a \$1.3 million increase in Sales and Services due to the rate increase of 7.5%. The average occupancy was flat with almost no change. Casual Customer Guest Income (dining cash sales) increased by \$146 thousand and Catering and Conferences sales decreased by \$345 thousand. Other Revenue increased by \$286 thousand due to the settlement for \$300 thousand on floor tile installation in Weatherford hall offset by reduction in food rebates.

Expenses: Total Salaries and Other Payroll Expenses increased \$1.4 million or 12.8% as a result of pay increases for both classified and unclassified salaries as well as increased benefit costs. Student wages increased by \$292 thousand. Services and Supplies had a net increase of \$704 thousand due to increases in the grocery, minor equipment, utilities, outside services and fees, maintenance and repairs, and miscellaneous supplies.

Transfers out included \$4.5 million for debt service and \$2.5 million to plant funds.

Balance Sheet: Total Assets decreased by \$2.1 million or 3.3%. This is due to operational expending and building repair and maintenance, as well as the change in accumulated depreciation. Total Liabilities decreased \$887 thousand or 1.7% due to the payment on long term bonds and decrease in accounts payable and deferred revenues.

OREGON STATE UNIVERSITY
STUDENT CENTERS & ACTIVITIES
As of June 30, 2009

Background: These Auxiliary operations, and associated reserve funds, record transactions related primarily to the operations of the Memorial Union, Memorial Union Retail Food Services, Student Educational Activities, Student Recreation Center, Student Involvement, Diversity and Cultural Centers, the MU Mail Boxes, and OSU Incidental Fees Clearing Fund. The OSU Incidental Fees Clearing Fund is the originating fund responsible for distribution of the Student Fees to appropriate other Auxiliaries.

Revenues: Overall revenue for these operations increased by \$2.8 million or 16.4%. The \$1.8 million increase in Enrollment Fees is attributed to rate increase in fiscal year 2009 and 3% increase in fee paying enrollment. Interest income was \$190 thousand less than the prior year due to lower interest rate. Sales and Services revenue increased by \$134 thousand or 2.9% primarily due to the inflationary price increases. Internal Sales increased by \$1 million as a result of receipt of funding for Cultural Center and Recreational Sports programs and facilities.

Expenses: Total Salaries and Other Payroll Expenses increased by \$0.7 million or 9.4% primarily as a result of mandated salary, wage and health benefit cost increases and the addition of 1.75 FTE. The Service and Supplies expense increase of \$137 thousand or 2.2% is primarily the result of increased costs of goods for resale due to inflation.

Balance Sheet: Total Assets increased by \$1.3 million and Total Liabilities remained relatively unchanged as compared to FY08. Cash in the operating funds increased \$2.1 million and restricted cash decreased by \$50 thousand. Plant Fund balances remained stable.

OREGON STATE UNIVERSITY
ATHLETICS
As of June 30, 2009

Background: This Auxiliary operation, and associated reserve and plant funds, record transactions related to Athletics activities on campus. These programs involve approximately 586 student athletes in a variety of sports including: football, baseball, softball, men's and women's basketball, women's volleyball, women's track, women's cross country, men's and women's soccer, men's and women's rowing, men's wrestling, women's swimming, and men's and women's golf and 500+ students in a variety of support roles such as band, cheer, student trainers, and managers. In addition to the Auxiliary funds, Athletics received \$3.6 million in support from the Education and General Fund and \$11.8 million in gifts and donations in Fiscal Year 2009. The OUS Board receives a financial report on Athletics each year which include these three sources of major funding.

For the first time ever, every OSU Beaver Football game was televised, and for the 3rd year in a row, the Beavers attended a post-season Bowl game and beat the University of Pittsburgh 3-0 at the Sun Bowl in El Paso, TX. The Men's and Women's Basketball teams participated in post-season play with the women advancing to the 3rd round of the WNIT, and the men being victorious in the CBI Tournament. NCAA Post-season appearances were also made by Gymnastics, Wrestling, Men's Golf, Cross Country/Track and Field, Swimming and Baseball.

Revenues: Revenue for this unit was higher than fiscal year 2008 by \$4.9 million or 17.7% mainly due to increased Sales & Services of \$3.9 million. The main factors in the Sales and Services increase were ticket sales in Football (\$1.6 million) and Baseball (\$0.2 million) and the increased conference revenues due to TV revenue sharing (\$1.8 million). Enrollment fees increased by \$0.9 million due to rate increases.

Expenses: Total expenses increased \$4.7 million or 14.3% with the majority of the increase resulting from paying \$5.9 million in student scholarships out of the Auxiliary fund rather than gift funds as in the previous year. This was partially offset by a decrease of \$1.4 million in Service and Supplies expense.

Balance Sheet: Current Assets increased \$2.1 million or 23.0% primarily due to the increase in Unrestricted Cash. Current liabilities remained relative flat resulting in an increase to Working Capital at the end of the year of \$2.0 million.

Notes:

- Athletics also spent \$3.6 million from Education & General funds which is not reflected in the above statement.
- See page 65 for Gift Fund revenue and expense information

OREGON STATE UNIVERSITY
STUDENT HEALTH SERVICES
As of June 30, 2009

Background: Health care services are made up of two separate programs that work together to provide comprehensive care to the students of OSU. Student Health Services (SHS) provides primary care, health education services, and a variety of out patient services. Funding for general and urgent care office visits and health promotion services is covered by the Student Health Fee. Funding for ancillary services such as lab, x-ray, PT etc. are covered by fees charged for the service.

The second piece of the health services offered on the OSU campus is Counseling and Psychological Services (CAPS). This program provides a variety of services to help address the challenges and difficulties that students face. The CAPS staff is dedicated to helping students by providing brief counseling services, or if more intensive or specialized care is needed, by helping students find an appropriate health care provider in the community. This past year CAPS held a grand opening for its new Mind Spa. This unique service offers a menu that includes Biofeedback, Guided Meditation, SAD Light, Massage Chair, Relaxation/Meditation CDs and a High Intensity Negative Ion Generator. CAPS is also funded by the Student Health Fee.

Revenue: Total revenues rose by \$174,000 or 1.7%. There are two main reasons for this. The first is a 4.0% increase in the combined health fee. The second factor was an increase in student enrollment. The average health fee paying enrollment rose by 424 or 2.5%.

Expenses: Total expenses increased \$625,650 or 7.1% over fiscal year 2008. This increase was solely from increased Salaries (COLA/merit and classified step) and the related OPE. Within the Student Health Center the Associate Director, Clinical Services, open for all of FY 2008, was filled.

Balance Sheet: The Unrestricted Cash Balance increased \$749,879 due to the positive change in operations and collections on Accounts Receivable. Fixed Assets also rose as a result of the capitalization of a major renovation project to the diagnostic lab in the health center. The accounts payable balance fell dramatically as it was inordinately high last year due to two insurance billings that were received and recorded at the end of FY 2008 but not paid until fiscal year 2009.

OREGON STATE UNIVERSITY
Transportation and Parking Services (TAPS)
As of June 30, 2009

Background: This Auxiliary operation, and associated reserve and plant funds, records transactions related to the operations of parking infrastructure and transportation options on the OSU campus. Services provided include construction, maintenance, monitoring, and signage for all parking facilities located on the OSU campus as well as managing the campus shuttle and other transportation options. Parking Services revenues are primarily generated by parking fees paid by OSU students and employees for parking privileges.

Revenues: Revenue for the unit decreased by 5.8% from fiscal year 2008. The decrease in permit revenue of 6% might be attributed to increased fuel costs leading to better commuting alternatives and a higher awareness of the affects on the environment. Meter and other revenues were down almost 100% due to a one-time BETC credit received in FY08 for performing a lighting efficiency upgrade in the Parking Structure. Fine revenues were down 3.9% from FY08.

Expenses: Parking Service expenses decreased \$17 thousand or 0.8% when compared to the previous fiscal year. Salary and Other Payroll Expenses were up by 12.1% from fiscal year 2008 due to filling the Sign Shop position. Total Service and Supplies expense was lower by 7.2% when compared to the previous fiscal year. Depreciation decreased slightly over the previous year by \$30.7 thousand (3.7%). Transfers out for bond debt were lower than the previous year by 30% due to excess earnings from fiscal year 2008 in the sinking funds within OUS. Transfers in are lower in fiscal year 2009 because funds were not transferred out for new lots, as opposed to the prior year.

Balance Sheet: Current Assets decreased by \$213 thousand or 13.9% due to spending down the reserves and cash balances until Parking Fee Increase can be implemented in fiscal year 2010. Fixed Assets increased by \$93 thousand for the value of capital improvements in parking lots. Accumulated depreciation increased by annual depreciation expense.

Total Liabilities increased from fiscal year 2008 to fiscal year 2009 by 167.9%. This is due to a large accrued contract payment at year-end as compared to very few accruals the prior year.

Working Capital at the end of fiscal year 2009 decreased 22% relative to the current assets decrease and current liability increase explained above.

OREGON STATE UNIVERSITY
MISCELLANEOUS AUXILIARIES
As of June 30, 2009

Background: This group of funds includes Forestry and Agricultural Experiment Station dwelling rentals, LaSells Stewart Center, Conference Services, Food Innovation Center, Student Health Center Pharmacy, Library Document Services, Hatfield Marine Science Center Housing, Health & Human Sciences Locker Room Service, Faculty/Staff Fitness Programs, Wireless Instructional Network and Program, Hatfield Marine Science Center Bookstore, Physics Equipment Deposits, Foundation Center Building, building rentals and a child care center.

Revenues: Total revenue increased this year by \$0.9 million or 23.2% over last year, mainly due to higher revenues in Conference Services (\$804 thousand). A new auxiliary fund for the Foundation Center Building was also set up this year causing an additional positive variance of \$276 thousand. Offsetting this increase in revenue was an accounting change with regard to the support of debt service in the Food Innovation Center and resulted in a \$145 thousand reduction of Sales and Service revenue. In the past, the debt service payment had been recorded as a transfer out.

Expenses: Salaries and Other Payroll Expenses increased \$149 thousand or 11.2% due to salary raises and increased benefit costs. Service and Supplies was 33% or \$660 thousand higher than last year due primarily to the increased activity in Conference Services. In addition, expenses of \$93 thousand were booked in the new Foundation Center Building fund.

Balance Sheet: Current Assets increased \$577 thousand or 24.3% due to the increase in cash resulting from the positive change in operations. Current Liabilities decreased \$323 thousand or 39.3% because of the deferred revenue decrease. Fund balance increased by 41.0%.

OREGON STATE UNIVERSITY
TELECOM
As of June 30, 2009

Background: This fund records the transactions related to telecommunications expenses incurred by OSU operations as well as telecommunication services provided to other OUS entities. Telecom provides and maintains a host of local and long distance phone services and equipment including cellular phones, pagers, voicemail, data network connections, wireless network, maintenance of the physical wire plant on campus, and audio and video conference capabilities.

Revenues: Overall revenues increased \$387 thousand or 7.7% from fiscal year 2008 to due to special projects such as new installations. Growth was not in the daily operational revenue sources.

Expenses: Expenses increased by \$640 thousand or 13.7% compared to fiscal year 2008 due to salary and medical benefit increases as well as expenses related to special projects. Personnel cost expense increased in part as the result of a reallocation of personnel from Network Services.

Balance Sheet: Current Assets decreased by \$101 thousand or 3.5% between fiscal year 2009 and fiscal year 2008 mainly due to the increase in cash from the positive change in operations of \$100 thousand offset by the transfer out for Debt Service of \$200 thousand.

Total Liabilities decreased minimally by \$2 thousand or 1.1%.

OREGON STATE UNIVERSITY
INTER-INSTITUTIONAL ENTERPRISE
SERVICES
As of June 30, 2009

Background: This fund records the transactions related to off campus network support services provided to the OUS 5th site schools and the Chancellor's Office. Services provided included network support and enterprise system support. Due to the IT merger during fiscal year 2004 between OUS and OSU, this operation is now reported by OSU.

Revenues: ETS revenues for fiscal year 2009 were \$316 thousand or 8.2% less than fiscal year 2008 due to an overall reduction in the allocation of the OUS funding for all Fifth Site Operational support. In March there was a budget cut and the \$316 thousand was cut from the Fifth Site Operational support budget

Expenses: The expenses incurred by ETS for the year ending June 30, 2009 were \$3.6 million, the same level as the previous year. While Salaries & Other Payroll Expenses increased due to salary increases and higher health benefit costs, Services and Supplies spending were down.

Balance Sheet: Current Assets and Current Liabilities were relatively unchanged leaving Net Working Capital at the same level as the previous year. Fixed Assets decreased by \$488 thousand due to the transition of the old HP Mainframe operation to a Linux server model.

OREGON STATE UNIVERSITY
INTER-INSTITUTIONAL NETWORK SERVICES
As of June 30, 2009

Background: These funds record transactions related to off campus network support services provided to the Capital Center and OUS central phone system. Services provided included network support and enterprise system support. Inter-Institutional Network Services is made up of two separate funds which provide support services to non-OSU locations (OUS & Capital Center).

Revenues: Total revenues for these two funds decreased \$359 thousand from last year due to sale of the Capital Center by OUS to Portland Community College, and the reduction in services to other OUS entities.

Expenses: Total expenses declined by \$157 thousand or 15.0% mostly due to sale of the Capital Center by OUS to Portland Community College, and the reduction in services to other OUS entities.

Net loss from operations was \$389 thousand which brought the fund balance down to \$186 thousand.

Balance Sheet: Cash balances decreased \$363 thousand primarily due to the operating loss. Total Liabilities decreased significantly because there were relatively no accrued expenses at yearend.

OREGON STATE UNIVERSITY
PRINTING AND MAILING
As of June 30, 2009

Background: This fund records financial transactions related to printing and mailing services provided primarily to OSU departments. Printing and Mailing also provides services to customers outside of OSU.

Revenues: Printing and Mailing generated revenues of \$4.6 million in fiscal year 2009 or \$516 thousand (10.1%) less than the prior year. Revenue overstated in fiscal year 2008 directly resulted in a revenue correction of \$95,000 in fiscal year 2009. Industry changes in printing and shipping contributed to the loss as well as a shift in customer habits. Loss of revenue from a major customer, web publication in lieu of print publication and reduction of fleet copier sales all contributed to the majority of the revenue reduction.

Expenses: In fiscal year 2009, Printing and Mailing's total expenses were \$4.7 million, or \$156 thousand (3.2%) less than the prior year. Salaries & Other Payroll Expense were \$190 thousand higher than fiscal year 2008 because of salary increases and higher health benefits, and the addition of a Customer Service Manager, but this was offset by lower spending in Services and Supplies. Outside printing costs were reduced by \$245,000 as a result of reduced offset printing and the loss of City of Salem business. The university postage and shipping expense was reduced by \$100 thousand and our depreciation was \$30 thousand less than 2008.

Balance Sheet: Printing and Mailing's Current Assets decreased \$338 thousand or 22.9%, partially due to the decrease in cash because of the operating loss. Accounts Receivable was down significantly because of an increased effort to reduce the balance of this account and the loss of a major external customer.

Total Liabilities decreased \$70 thousand or 26.6% mainly due to the decrease in Accounts Payable at yearend.

OREGON STATE UNIVERSITY
MOTOR POOL
As of June 30, 2009

Background: This fund records financial transactions related to vehicle rental and repair services provided primarily to OSU departments and personnel. The Motor Pool also provides services to customers outside of OSU.

Revenues: External revenues were up \$35 thousand or 29.6% while internal revenues increased \$110 thousand or 6.3%. Part of the increase in external sales was due to insurance claims reimbursements and an increase in the sale of fully depreciated vehicles to the public through Surplus Property.

Expenses: Motor Pool's operating expenses were about the same level as fiscal year 2008. Salaries and OPE decreased 8.5% as the Motor Pool took advantage of vacancy savings, but the decrease was offset by a 3.9% increase in Other Expenses.

Balance Sheet: Motor Pool cash at the end of fiscal year 2009 totaled \$2.7 million, a slight decrease of 0.9% over fiscal year 2008. Fixed Assets increased 2.8% over the last fiscal year due to new vehicle purchases, which are intended to replace some of the aging vehicles. Accumulated depreciation decreased 0.8% due to the older vehicle disposal and vehicle claims which resulted in the disposal of fixed assets.

Liabilities at June 30, 2009 were \$161 thousand, or 58.7% lower than the prior year because of the decrease in Accounts Payable.

OREGON STATE UNIVERSITY
SURPLUS PROPERTY
As of June 30, 2009

Background: This fund records the financial transactions related to the collection and sale of OSU and other state agency property deemed ready for salvage. Surplus Property's customers are both internal and external to OSU. Sales are accomplished via internal transfers, Public Sales at the "OSUsed" Store, and Onlines sales; utilizing LabX, Public Surplus and E-Bay.

Revenues: Surplus Property revenue can fluctuate significantly from period to period, as it is largely dependent on the quantity, quality and value of used equipment coming from university departments, as well as the number of sales held each fiscal year. Total revenue was increased \$24 thousand or 9.0% over fiscal year 2008 primarily due to external sales.

Expenses: Total expenses were \$18 thousand or 6.1% higher than the previous year partially because of salary and health benefit increases. Services and Supplies were 13.9% higher due to increased depreciation, promotion fees associated with E-bay and LabX, and software expenses for the new SPMS data base.

Balance Sheet: Current Assets showed an overall decline of \$4 thousand, or 2.4% less than fiscal year 2008. A \$40 thousand reduction in cash made up the majority of the decline. Liabilities for fiscal year 2009 increased by \$27 thousand or 139% due to several larger payments to County agencies for sale of vehicles, that were processed late in period 14.

OREGON STATE UNIVERSITY
MISCELLANEOUS SERVICE CENTERS
As of June 30, 2009

Background: These funds include the following operations: Campus ID System, Animal Isolation Lab, Lab Animal Services, Chemistry Stores, Forestry Quantitative LAN, Desktop Support Services, ATLAS Operations, and Advertising Media Presentation Services.

Revenues: Revenues were \$489 thousand or 8.3% less than fiscal year 2008 primarily due to the closure of the Marine Mammal Institute Vessels Service Center which earned \$1.0 million last year. Offsetting this difference was revenue from the Laboratory Animal Services Center and Advertising Media Presentation Services Center which was \$268 thousand higher than last year and revenue from a new center, Mass Spec Service Center which brought in \$266 thousand.

Expenses: Expenses decreased by \$434 thousand from fiscal year 2008 levels due to the closure of the Marine Mammal Institute Vessels Service Center. The other three centers mentioned in the previous paragraph recorded higher expenses of \$485 thousand over last year, thus in total expenses stayed at the same level.

Balance Sheet: Total Assets decreased by \$716 thousand or 44% due to the removal from Fixed Assets of the two vessels related to the Marine Mammal Institute Vessels program. Current Liabilities decreased \$103 thousand or 28.4%.
