* Does not include turn lanes

[^] Curbside sidewalks are desired unless healthy, mature trees are present within a designated tree planting area adjacent to the curb. If healthy, mature trees are present, sidewalks should be located between mature trees and the OSU Facility.

Width of the east side sidewalk may be reduced as necessary at the HPSV area

** Planting strip may be less than twelve (12) feet due to the presence of the HPSV area and underground tunnel on the west side of the street

^{^^} Multi-use path in lieu of sidewalk on the north side

^{##} Campus Way north sidewalk is the tunnel plus 2' of pavement on the north side of the tunnel; south sidewalk add 2' to the south side of the existing walk; hold the curb line on the north side of street; add services spaces on south side of street (MB)
