

**Ship-To Addresses Changing 4/12:** The eProcurement office has identified an ongoing issue where a few shoppers have not received their orders due to delivery issues. The problem stems from some suppliers dropping the third contact line from shipping addresses entered in BennyBuy. Consequently, the system will no longer offer a third contact line as of April 12, 2019. Please review the attachment for more information and instructions regarding the change.

**New Vendor Maintenance Tip Sheets:** The Vendor Maintenance office has created [tip sheets](#) that we have added to our training library. These provide instructions for [Inviting a Supplier](#) and [Inviting an Individual](#) to join BennyBuy, as well as conducting a [Supplier Search](#) within BennyBuy. Please continue to direct suppliers to contact [Vendor Maintenance](#) if they need assistance when registering.

**CORE FIN0074 Update:** The CORE team has updated FIN0074 eProcurement Budget Authority Queues and Requestors by Index with the following:

- Added a parameter for inactive and active

- Updated the layout (rearranged columns so the order is now Index, Index Title, Index Org, ID, Name, Role, Level and Limit, then Queue and Queue Desc)

- Added a parameter for Requestor / Budget Authority / Both

- Changed the Limit for Fund Financial Manager to 'No Limit' instead of a dollar range; other Budget Authority ranges have a dollar limit

With these changes, we can remove FIN0072 eProcurement Requestors by Index and FIN0075 eProcurement Budget Authority Queue by Index since the FIN0074 file combines the functionality of these two reports.
