NOTES

1) Welcome and Introduce Dr. Carina Buzo Tipton, Ph.D.

2) Shared Learning – Dialogue Skills for Conflict and Cooperation
   - The committee members were asked to watch You Tube videos prior to the meeting, titled “Dialogue Skills: Elicitation” and “Dialogue Skills: De-escalation”. Reflection exercises went with the videos that supplied reflection and more information to the videos.
   - During the meeting Dr. Buzo Tipton engaged everyone in activities that drew upon the concepts detailed in the video lectures. There was small group scenario practice, and large group dialogue.

3) Co-Chair Catch-Up
   - Christine and Keahi let everyone know they would be scheduling 1x1 check-in meetings with committee members over the next month. Look for a calendar hold soon. The idea is to see how you are doing, are you feeling supported by your supervisor, how your workload is, any other items to share.
   - Additionally, Christine and Keahi are going to meet with the sub-committee co-leads to discuss progress tracking over the next month.
   - We will present updates on the status of the committee members and work progress to the Senior Leadership Team (SLT) on Oct. 24.
